Veterinary fees - How to make a claim

Once **treatment** starts **you** should telephone the claims helpline **0345 078 7500** or contact **us** by email on **claims@argospetinsurance.co.uk** and report the possible claim. **You** will then be sent a claim form or **you** can download a claim form via **www.argospetinsurance.co.uk** parts of this form will need to be completed by your vet, please make sure that the form is signed by you and your vet and that **you** tell **us** if **you** want **us** to make payment to **you** or straight to **your vet**. We can arrange to pay most **vets** directly. Please ask **your vet** if they are happy to do this, and if **we** are able to, **we** will take care of the rest.

Please send **us your** claim form within 90 days of the first treatment for each new **incident**. If **your vet** tells **you** that **your pet** will need treatment over a few visits **you** do not need to send each invoice to **us** separately, **you** can send them all to **us** with one completed claim form within the 90 day period.

You need to keep all invoices and receipts that your vet gives you in connection with your claim and send these along with a complete medical history for your pet to us. This must be a record of all visits your pet has made to a vet and this information can be obtained from each vet practice your pet has attended.

If **your pet** needs ongoing treatment, **you** can send in further claims including updated medical records showing the treatment **your pet** has received, invoices and receipts, every 3 to 6 months. If any information **we** have asked for is not provided it will delay **your** claim.

We will need you to agree that your current, previous or referral vet may release information or records regarding the medical history, including test results for any pet insured with us. If your pet is referred to another vet, we need copies of any reports the referral vet completes.

We may ask your vet, to provide an opinion on whether conditions are connected, and the date changes in the health or behaviour of your pet started. While we are providing help we may need to release information about your pet insurance policy to any vet who has treated your pet or is about to treat your pet.

We do not cover the cost of obtaining receipts, invoices or reports required as part of the claim.

If there is any amount other than the excess that **we** cannot pay because the costs are not covered by **your** policy, **we** will tell **you**.

You must settle with your vet, any amount not covered by the policy.

We don't pay vet invoices that are 12 months older than the last date of treatment.

We don't pay the cost charged by a vet to fill or provide a prescription.

Please also see the claim conditions on page 18.

Do not forget that if **your pet** needs to be treated by a referral **vet**, **your** usual **vet** will let **you** know which referral **vet** from our preferred referral **vet** network **you** should go to. If a referral **vet** from outside our network is chosen, **you** will need to pay £200 of the referral **vet** bill yourself. This amount is in addition to **your** policy excess.

If **your pet** needs emergency **treatment** for a situation that if not resolved immediately will lead to a loss of life or cause a serious threat to the present or ongoing health of **your pet you** can visit any **vet** and **you** will not have to pay the additional £200 excess.

Details of the **vets** in our preferred referral network can be found on **Argospetinsurance.co.uk**. If **you** need help or advice about which **vet** to visit, please contact the Pet Claims Helpline on **0345 078 7500** before an appointment is made.

A referral is what happens when **your** usual **vet** advises **you** that there is a need to go to another **vet** for a certain procedure, for example a surgery or **treatment**. This may occur if a **condition** or **treatment** needed is outside of **your** usual **vet's** area of expertise. **You** might be asked to visit a different **veterinary** centre/hospital/practice, or another branch of **your** existing practice. After a referral visit and any required **treatment** takes place it is normal for future visits to be with **your** usual **vet**.
